Clements Worldwide Honored with MENA Insurance Award Nominations
*Prestigious nominations from MENA Insurance Review include
Most Innovative Insurer, Personal Lines Broker of the Year and Commercial
Lines Broker of the Year*

January 16, 2014 (DUBAI) – Clements Worldwide, the leading provider of international insurance solutions for expatriates and international organizations, was honored with three prestigious MENA Insurance Award nominations at a major industry event here.

Having launched its Dubai operation in 2013, Clements has continued to expand its international business significantly through the delivery of tailor-made insurance solutions for global clients. Clements is furthering its presence in the MENA area by offering commercial insurance coverage, such as the sought-after WorldAuto international fleet program that provides unique protection against political violence risks. More importantly, it is thanks to Clements' innovative Special Risk product line that clients continue to recognize the value the company delivers, including protection for commercial property abroad, Group Personal Accident and Kidnap and Ransom insurance.

Clements' exceptional regional success is further highlighted by the three nominations from the MENA Insurance Review, in the following categories:

- **Most Innovative Insurer** for Clements' launch of the first ever credit card-based Term Life Insurance product, ideally suited for international humanitarian workers. Participating cardholders are given comprehensive global coverage, including in dangerous or high-risk locations.
- **Personal Lines Broker of the Year** for maintaining consistent growth and supporting the needs of Clements customers in over 170 countries, which lead to the announcement of record annual results, based in part on strong partnerships with aggregators.
- **Commercial Lines Broker of the Year** for the company's innovative insurance solutions which aid in protecting the financial security of multi-national organisations. The company has consistently grown in the area of commercial insurance through a unique model of offering customers a needs assessment analysis, money-saving customized solutions and a world-class dedicated customer service team.

Family-owned Clements was chosen from major players in the global insurance industry to receive nominations for the three esteemed MENA Insurance Awards. "We are delighted to be recognised for our excellence in insurance services," said Andy Grimes, Managing Director – Dubai at Clements Worldwide. "Clements has been serving the needs of our global clients since 1947. We are still committed to delivering world-class insurance solutions and look forward to continuing to surpass customer expectations in the Middle East and North Africa regions, and elsewhere around the world."
