

Keep your clients' employees protected wherever they go.

Businesses are now operating all over the world, which means your clients' Life and Health insurance requirements are increasingly more challenging to place, especially for international risks in emerging markets.

Clements Worldwide's **Global Risk Insurance** division provides access to a unique suite of products specifically designed for your clients' international workforce.

With highly customizable Life and Health products designed to ensure security and support when needed most, you can provide international insurance solutions to your clients, no matter where in the world they go.

Key Industries Insured by Clements Worldwide:

- UN sub-contractors
- Security companies
- International schools
- US government contractors
- Foreign-based corporations
- Multinational development banks
- Global and international organizations
- Non-government organizations (NGOs)
