

Foreign Service Insurance Resource Hub

You support your community, **we support you**

We understand life abroad can be challenging. That is why we have created the **Foreign Service Insurance Resource Hub** for Community Liaison Officers. This hub provides access to relevant content, upcoming educational events, and explores the types of insurance available to help keep overseas staff and their families safe. You can even book an in person visit from one of our industry experts.

How we support GCLOS and CLOS

Educational content for your GCLO newsletter

Ensure your embassy staff remains informed on how to protect themselves, their families, and belongings, or prepare for major life changes throughout the year and you can help them know where to go when they have questions. Access our CLO newsletter archive to read previously published pieces.

Webinar and informative events

Expand your knowledge on international insurance coverage for the Foreign Service and get your questions answered. We've hosted events and webinars for multiple US embassies around the world, including Mexico, Brazil, Guatemala, Turkey, India and Israel.

Arrange an embassy visit

Organizing a personalized embassy visit can allow Foreign Service members to directly ask Clements representatives questions in person and learn more about their international insurance needs and options, both while at post and during a PCS. We've been invited to visit multiple embassies and continue to do so.

Looking for a sponsor for your next event?

We'd love to know more about your events calendar and how we can potentially get involved and support you.
